CSE teaches children they can choose their Gender as young as kindergarten.	CSE teaches 5 year old children they can pleasure themselves sexually.	CSE teaches children to use statements such as: "I like it when you touch me here."	CSE teaches children they are sexual beings with sexual needs, desires, and fantasies.

Is CSE in Your School?

Comprehensive Sex Education (CSE) is an assault on the family and the health and innocence of children. Traditional sex education, comprehensive sexuality education is highly explicit and promotes promiscuity and high-risk sexual behaviors to children as healthy and normal. CSE programs teach children how to obtain sexual pleasure in various ways. The goal of CSE:

- Separates marriage from sex
- Eliminates psychological, relational, family, and spiritual considerations
- Emphasizes sex solely for the physical dimension and supports unlimited sexual pleasure between consensual children and adults.
- It teaches that all forms of expression, gender identity (GI), and sexual orientation (SO) are natural and should be explored to ensure you know you are in the right SOGI (Sexual Orientation Gender Identity)
- Assumes students are incapable of self-control and natural virtues are not taught. This encourages promiscuity, which leads to more abortions to fuel Planned Parenthood profits and destruction of the family.

Another goal of Comprehensive Sex Education is to change the sexual and gender norms of society, which is why CSE could be more accurately called "abortion, promiscuity, and LGBTQ rights education. CSE is a "rights-based" approach to sex education and promotes sexual rights to children at the expense of their sexual health.
